

Installation Manual

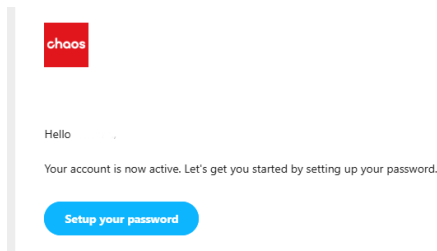

Chaos Corona Education Collection

For Windows

Attention: Your license will automatically be linked to the email address you provided with your order.

Step 1: Order Chaos Corona Education Collection on SURFspot. You will now receive two emails from Chaos. First, open the email which says your account is created. Click on “Setup your password”, you will now be redirected to the page where you can create a Chaos account. If you already have a Chaos account, skip to step 3.

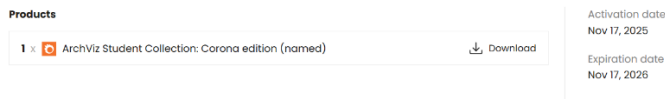

Step 2: Create a password and click on “Set password”.

A screenshot of a 'Set up your password' form. It includes a password input field with a strength indicator. Below this, it lists requirements: 'Your password should contain: Both lower and upper case letters, At least one number, At least one symbol, At least 12 characters'. There is a section 'Tell us more about yourself' with three dropdown menus: 'How did you hear about us?', 'What platform will you primarily be using our product with?', and 'What best describes your role?'. Each dropdown has a 'Required field.' error message. At the bottom, there is an optional field for 'Prefer a call? Add your phone (optional)' and a blue 'Set password' button.

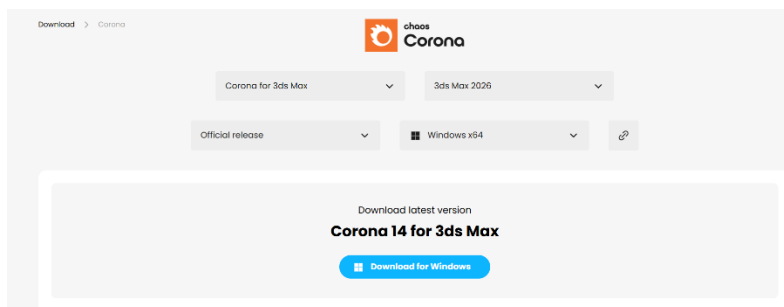

Step 3: Enter your login credentials and click on “Sign in”.

A screenshot of a 'Sign in' page for Chaos. It features the 'chaos' logo at the top left. The main heading is 'Sign in' with a link 'New user? Create account'. Below are input fields for 'Username or email' and 'Password', with a 'Forgot your password?' link next to the password field. A blue 'Sign in' button is positioned below the fields. Underneath the button is an 'or' separator and three social login options: 'Continue with Google', 'Continue with Trimble', and 'Continue with corporate email'.

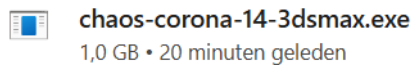

Step 4: You will now see an overview of your active products. Go to ArchViz Student Collection: Corona edition) and click on “Download”.

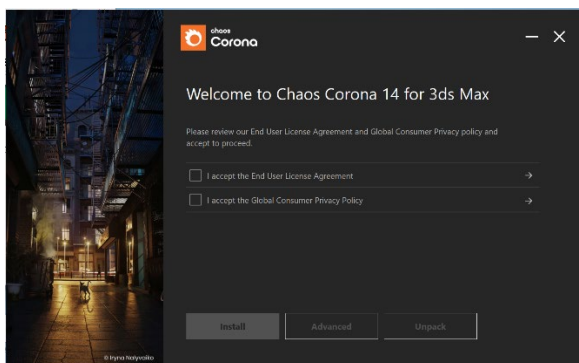

Step 5: Choose the product and the version you'd like to install and click on “Download”.

Step 6: The installation file will now download. Click on the installation file.

Step 7: Check the boxes “I accept the End User License Agreement” and “I accept the Global Consumer Privacy Policy” and click on “Install”.

Step 8: Corona will now install.

Step 9: You will now receive a notification that Corona is successfully installed. Choose which data you'd like to send to Corona. If you wish to keep your data anonymous, choose "Anonymized Telemetry". If you'd like to use your personal data, choose "Personalized Telemetry". Then, click on "Done". You can now use Corona!
