

Installation Manual

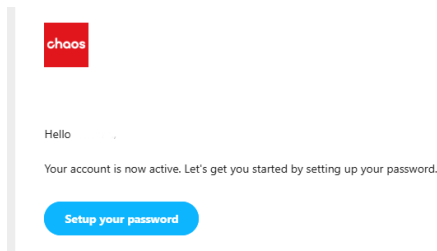

Chaos Enscape **Education Collection**

For Windows

Attention: Your license will automatically be linked to the email address you provided with your order.

Step 1: Order Chaos Enscape Education Collection on SURFspot. You will now receive two emails from Chaos. First, open the email which says your account is created. Click on “Setup your password”, you will now be redirected to the page where you can create a Chaos account. If you already have a Chaos account, skip to step 3.

Step 2: Create a password and click on “Set password”.

A screenshot of a 'Set up your password' form. It has a 'Password' field with a strength indicator. Below it, a list of requirements: 'Your password should contain: Both lower and upper case letters, At least one number, At least one symbol, At least 12 characters'. Then a section 'Tell us more about yourself' with three dropdown menus: 'How did you hear about us?', 'What platform will you primarily be using our product with?', and 'What best describes your role?'. Each dropdown has a 'Select' button and is marked as a 'Required field'. At the bottom is an optional field 'Prefer a call? Add your phone (optional)' and a blue 'Set password' button.

Step 3: Enter your login credentials and click on “Sign in”.

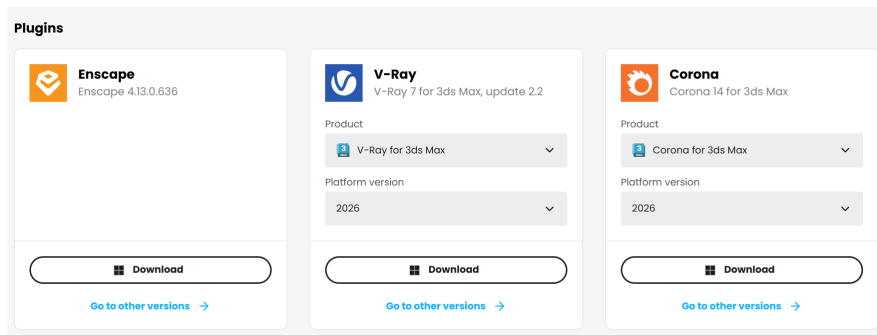

A screenshot of a 'Sign in' page for Chaos. It features the 'chaos' logo at the top left. The main heading is 'Sign in' with a link 'New user? Create account'. Below are fields for 'Username or email' and 'Password', with a 'Forgot your password?' link next to the password field. A blue 'Sign in' button is below the fields. Underneath is an 'or' separator, followed by three social login options: 'Continue with Google', 'Continue with Trimble', and 'Continue with corporate email'.

Step 4: You will now see an overview of your active products. Go to ArchDesign Student Collection and click on “Download”.

 ArchDesign Collection (floating, annual) – NFR

 Open Veras  Download

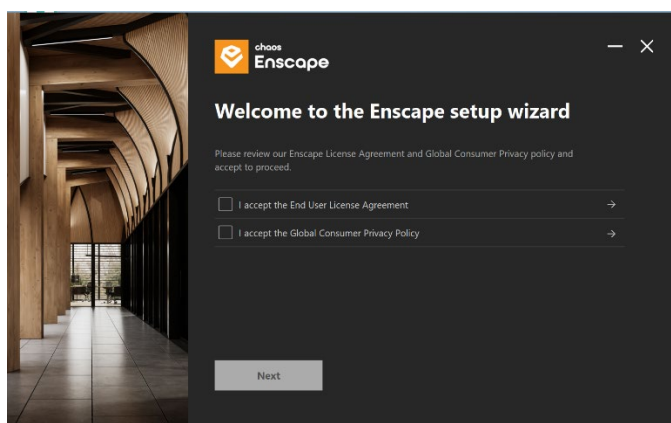

Step 5: You will now see an overview of all the products included in the ArchDesign Student Collection:. Choose the plugin you'd like to download (in this case that is Enscape) and click on “Download”.

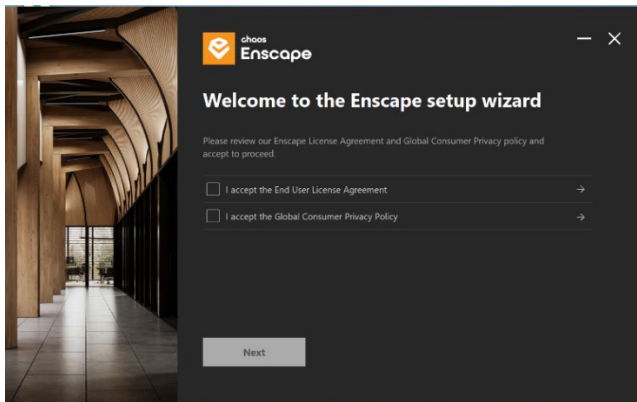

Step 6: The installation file will now download. Click on the installation file.

 **Enscape-4.13.0.636.exe**
720 MB • Klaar

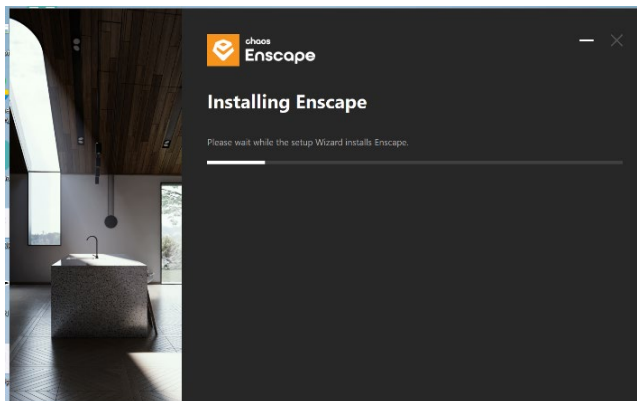

Step 7: Check the boxes “I accept the End User License Agreement” and “I accept the Global Consumer Privacy Policy” and click on “Install”.

Step 8: Choose the language for your Enscape installation and click on “Install”.

Step 9: Enscape will now install.

Step 10: You will now receive a notification that Enscape is successfully installed. Choose which data you'd like to send to Enscape. If you wish to keep your data anonymous, choose “Anonymized Telemetry”. If you'd like to use your personal data, choose “Personalized Telemetry”. Then, click on “Done”. You can now use Enscape!
