

Installation Manual

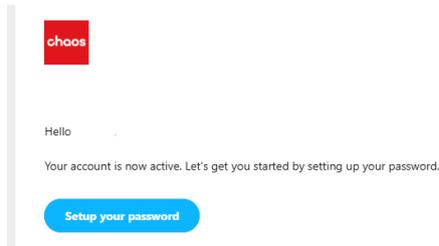

Chaos Veras Education

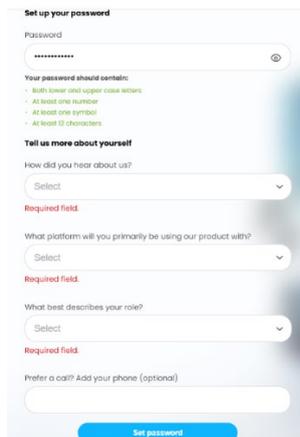

For Windows

Attention: Your license will automatically be linked to the email address you provided with your order.

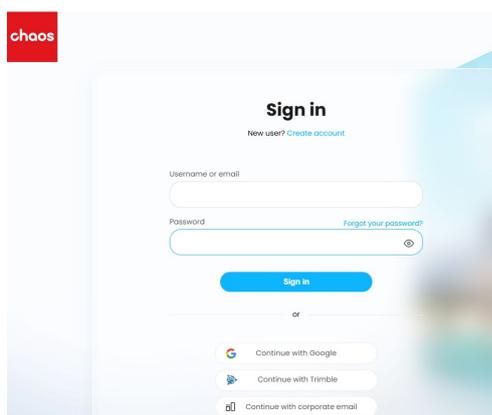

Step 1: Order Chaos Veras Education on SURFspot. First, open the email which says your account is created. Click on “Setup your password”, you will now be redirected to the page where you can create a Chaos account. If you already have a Chaos account, skip to step 3.

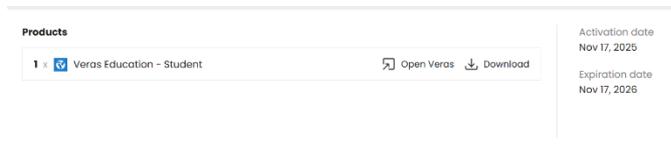

Step 2: Create a password and click on “Set password”.

A screenshot of the 'Set up your password' form. It features a password input field with a strength indicator. Below this, a list of requirements for the password: 'Your password should contain: 8 or more characters, At least one number, At least one symbol, At least 12 characters'. There are three dropdown menus for 'How did you hear about us?', 'What platform will you primarily be using our product with?', and 'What best describes your role?'. Each dropdown has a 'Required field' label. At the bottom, there is an optional text field for 'Prefer a call? Add your phone (optional)' and a blue 'Set password' button.

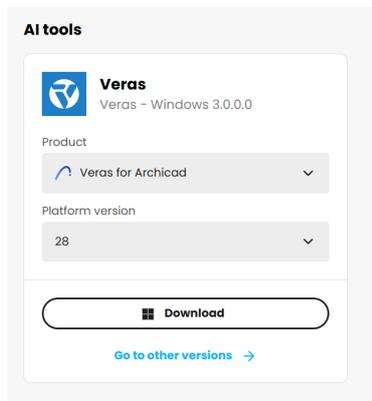

Step 3: Enter your login credentials and click on “Sign in”.

A screenshot of the Chaos sign-in page. The 'chaos' logo is in the top left. The main heading is 'Sign in' with a link for 'New user? Create account'. There are two input fields: 'Username or email' and 'Password' with a 'Forgot your password?' link. A blue 'Sign in' button is below the password field. Below the button is an 'or' separator and three social login options: 'Continue with Google', 'Continue with Trimble', and 'Continue with corporate email'.

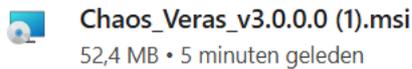

Step 4: You will now see an overview of your active products. Go to Veras Education - Student and click on “Download”.

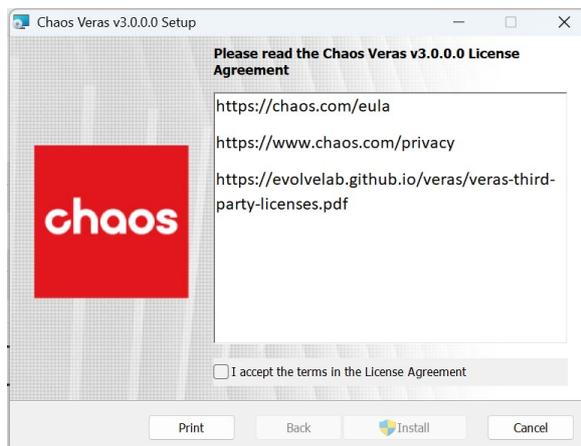

Step 5: Scroll down until you see Veras. Choose the product and the version you'd like to install and click on “Download”.

Step 6: The installation file will now download. Click on the installation file.

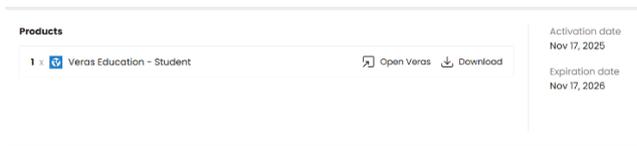

Step 7: Check the box “I accept the terms in the License Agreement” and click on “Install”.

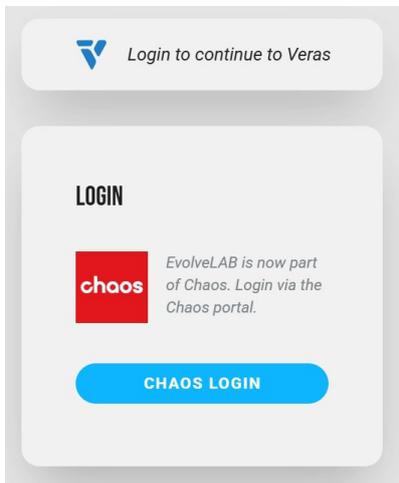

Step 7: Veras will now install. Afterwards, you'll receive a notification that the installation is complete. Click on "Finish".

Step 8: Go back to your Chaos account like in step 3 and click on "Open Veras".

Step 9: Before you can use Veras, you have to log in again. Click on "Chaos login".

Step 10: If you'd like Veras to anonymously collect data, leave the boxes checked. Otherwise you can uncheck these boxes. Click on "Accept" to accept the license agreement.
