# IBM SPSS Statistics 27 Mac

---

To start the installation of SPSS27, you first have to download the installation file on your Mac. You can do this by clicking on the download link in your order overview (besteloverzicht) from your SURFspot account. You can also find your download link in the order confirmation we've sent you via e-mail.

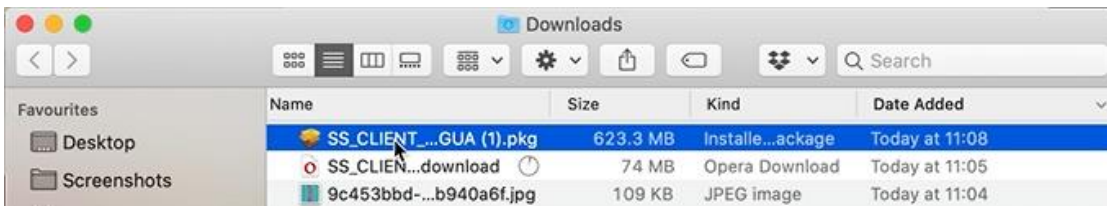

**Step 1:** Click on your SPSS download link and wait until the file is downloaded.

**Step 2:** Click on the magnifying glass / 'show in finder'.

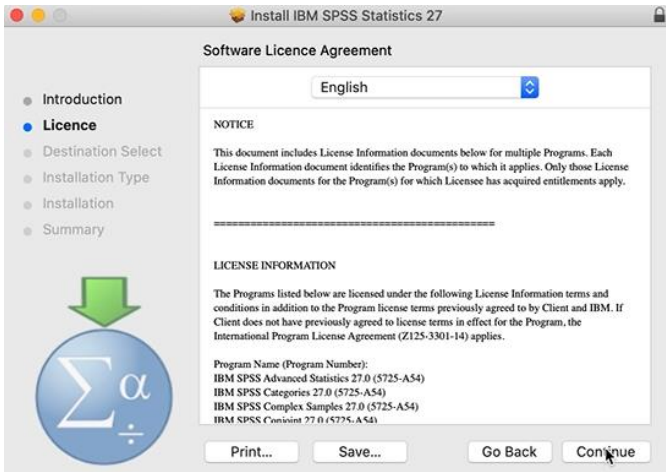

**Step 3:** Double click the installation file.

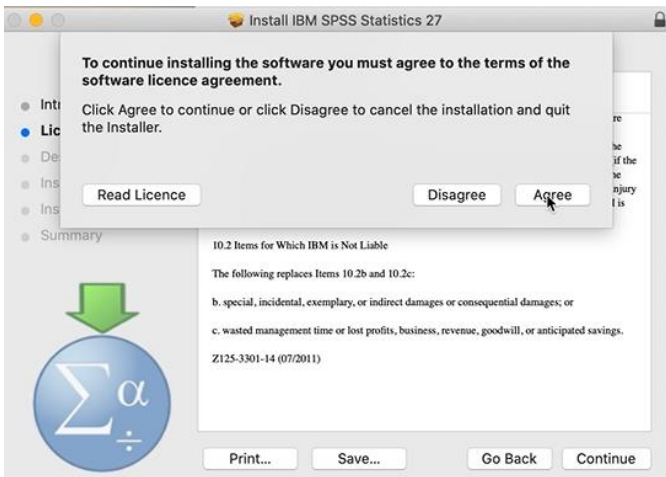

**Step 4:** The installer is opened. Click 'continue'.

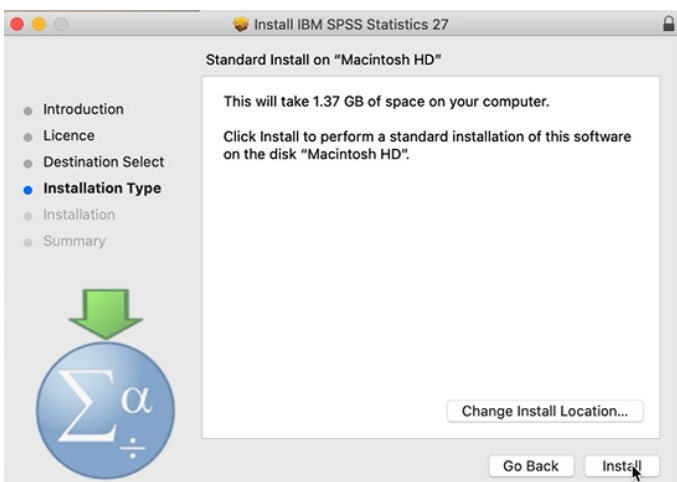

**Step 5:** Read and accept the terms and click 'continue'.

**Step 6:** Click 'agree' to start the installation.

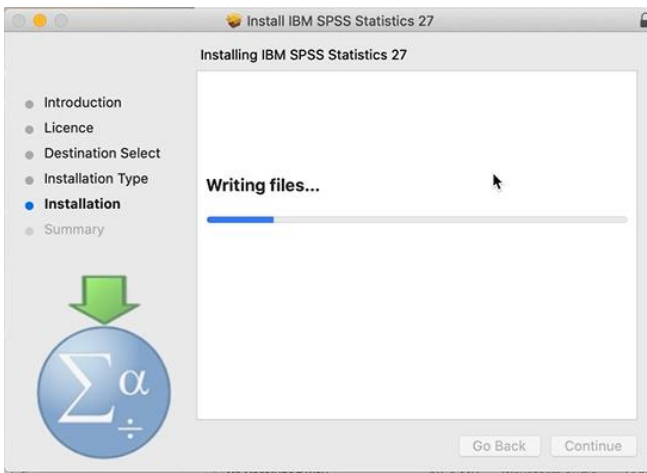

**Step 7:** Click 'install'.

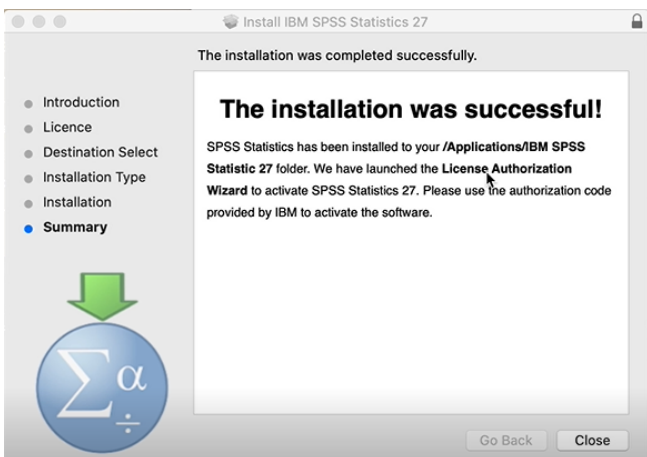

**Step 8:** To start the installation, you have to fill in your username and password from your Mac. Then click 'install software'.

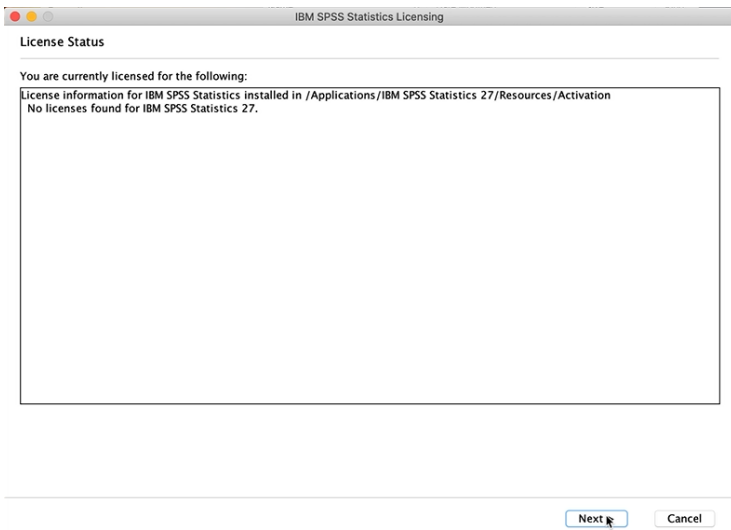

**Step 9:** Wait until SPSS is installed.

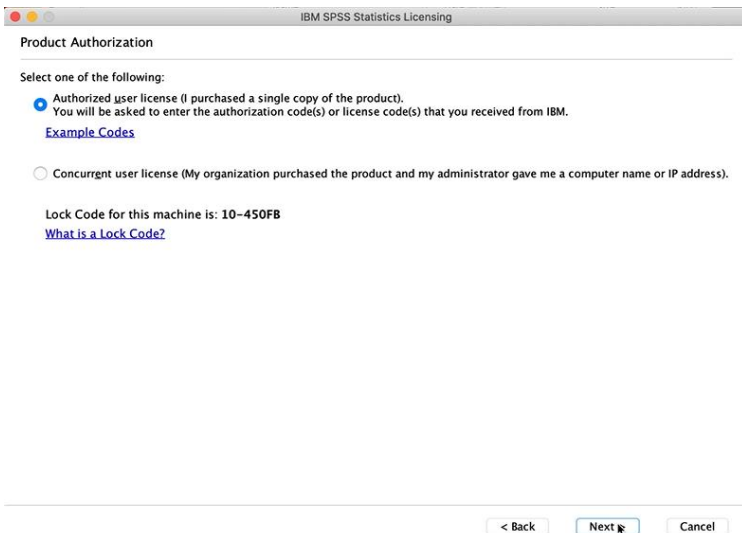

**Step 10:** You will briefly see this screen.

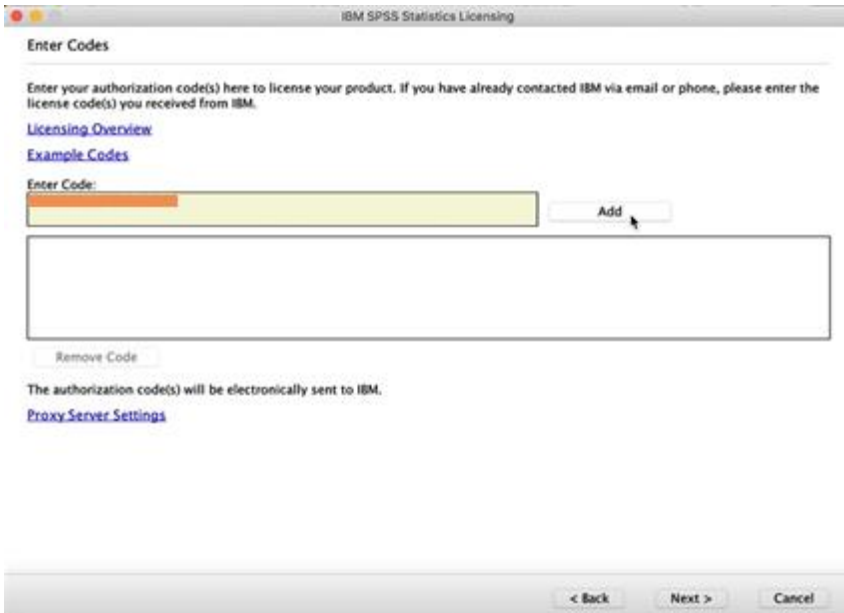

**Step 11:** SPSS will open automatically. Keep clicking 'next' until you see the License Authorization Wizard.

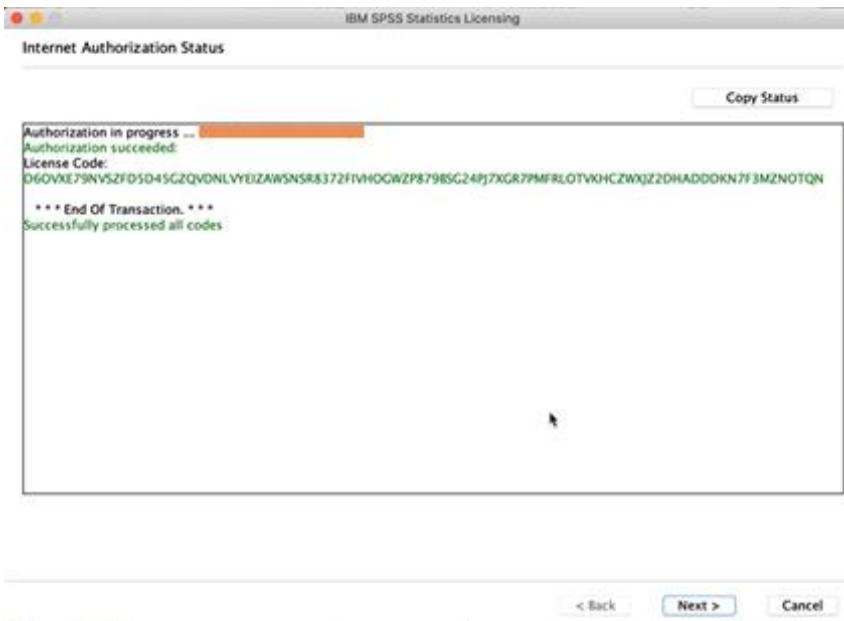

**Step 12:** Select the first option 'authorized user license' and click 'next'.

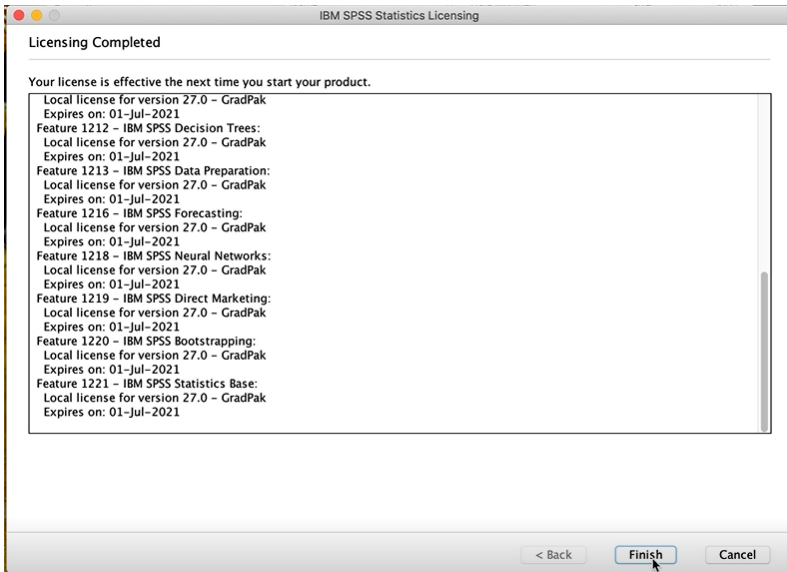

**Step 13:** Enter your authorization code. You can find your code in your order overview (besteloverzicht) from your SURFspot account. Enter your code, click 'add' and then 'next'.

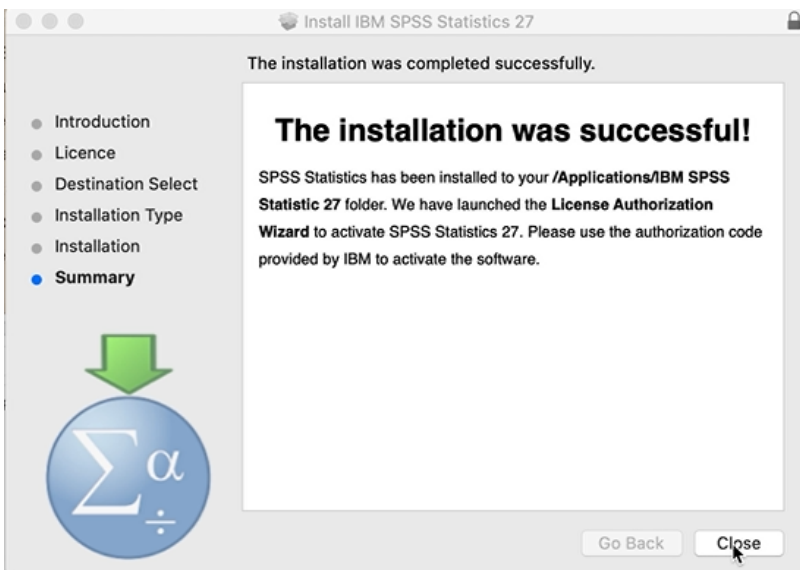

**Step 14:** Athorization succeeded. Click 'next'.

**Step 15:** You will now see the expiration date of your software. Click 'finish'.

**Step 16:** SPSS 27 is now installed. Click 'close'.

## SPSS 27: WHERE TO FIND SPSS ON YOUR MAC

If the installation is completed, SPSS 27 is now installed on your Mac. You can open SPSS by opening Finder. Click 'Applications' -> 'IBM SPSS Statistics 27' -> 'SPSS Statistics'.
