**Step 2:** Click on the “Download WinZip Mac Edition 11.0” button, the installation file will now download.

**Step 3:** Click on the downloaded file, WinZip will now install.

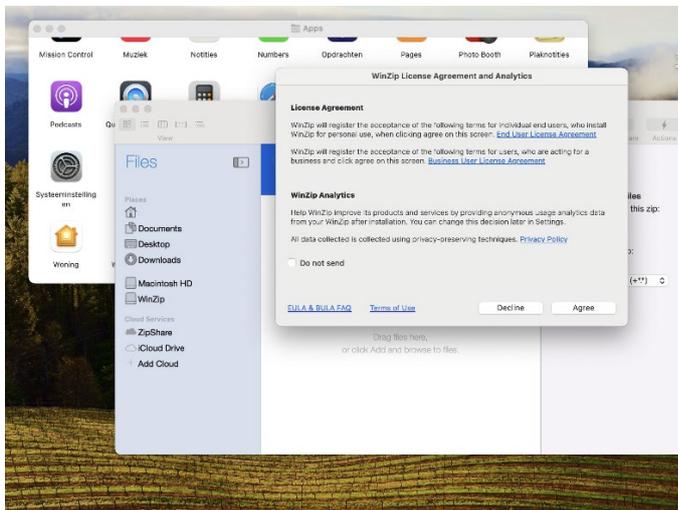

**Step 4:** Drag the WinZip file to the “Applications” folder.

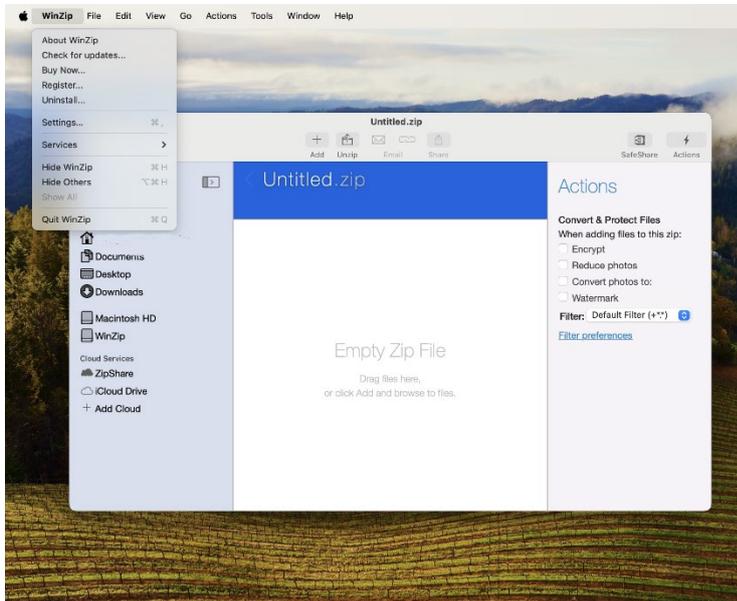

**Step 5:** Double click on the “Applications” folder, it will now open. Click on WinZip.

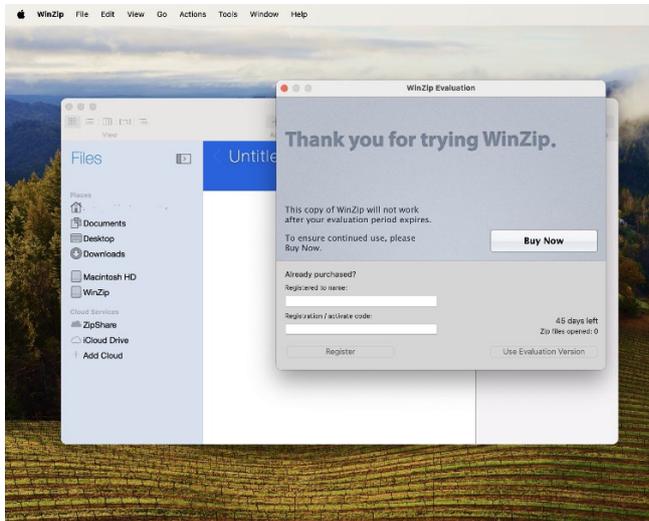

**Step 6:** You will now be asked if you want to send data to WinZip in case of an error. If you agree to this, check the box. If you do not agree, you do not have to check the box. Accept the license agreement by clicking on “Agree”.

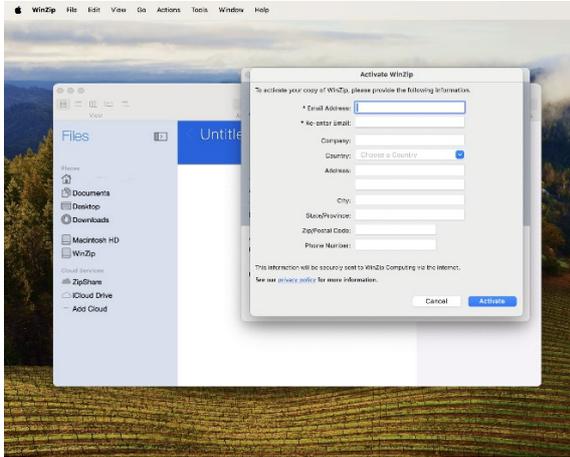

**Step 7:** Activate your license by clicking on “WinZip” on the top left of your screen, then click on “Register”. The registration screen will now open.

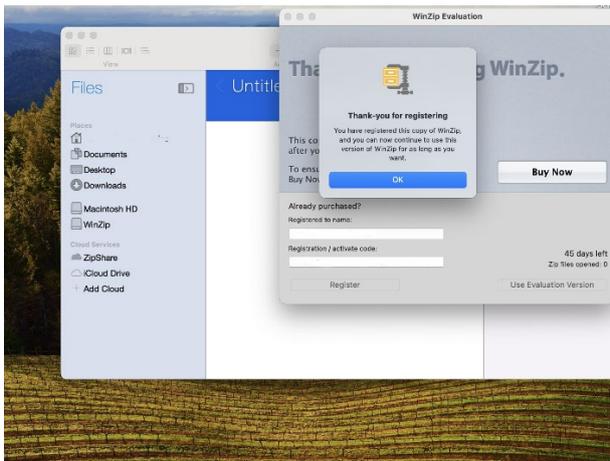

**Step 8:** In the first field, enter your name. In the second field, enter the license code you received with your order. You can find it in your account under “Orders”. Then, click on “Register”.

**Step 9:** You will now be redirected to the WinZip activation page. Enter the required information and click on “Activate”.

**Step 10:** You will now get a notification saying your license has been successfully activated. Click on “OK”.

**Step 11:** Your license is activated, you can now use WinZip!
